Lorena-
I can make it at 9:30 on the 9th. Let's ask Randy to sit in on this since he is so knowledgeable about signs?

Subject: LAST RFP we were waiting for Gateway Entrance Signage

Good afternoon,

We got the last RFP in for the gateway signage project. It is everyone available on Tuesday at 9:30am for a meeting to select a contractor?

FYI, my son is graduating college and I will be in Arizona from Thursday to Monday, May 11-15, 2017 to attend his graduation.

Thank you.

We are preparing RFP to select a design or branding agency to design a new Gateway for the intersection of [San Pedro Street and North Harbor Blvd](#) to represent the area. It is known to be a high traffic area on weekends, near Port Of Call, and the upcoming San Pedro Public Market. There is also High Wind.

This project will be for the start of the re-branding effort for the San Pedro Historic Downtown Waterfront District. I attached a PDF of samples to show you examples of a few such ways from other cities for day and night as references including an other concept we had for the intersection.

This is a request for quote to pay for work on the following deliverables:
- Concept design
- Final design (day and night)
- 3D rendering (if possible)
- Rendering process

We are not looking for responses or technical details at this time and after the concept phase.

Please call me at 310.812.2431 Monday to Friday. Please Open for additional details to help get the quote ready if interested.

We need this Quote ready by early next week, 5/15/17.
